

Author guidelines ICD Briefs

- Headings: numbered in Roman numerals, capitalized, bold, and underlined;
- Text: Arial 10.5, 1.5 line spacing, justified;
- Footnotes: Arial 9, 1.0 line spacing, justified;
- Hyperlink cases and titles of news and academic articles that are available online;
- When citing pages, use “p.” or “pp.”, and when citing paragraphs, use “para.” or “paras”;
- ICD Briefs should at least contain an abstract, introduction, and conclusion/concluding remarks.
- Please include an author bio as well (two to three sentences, with hyperlinks if applicable).
