-INVITATION -

Please join us to celebrate the launch of the International Crimes Database!

www.internationalcrimesdatabase.org

On the 12th of November 2013, 7pm at the T.M.C. Asser Instituut

The International Crimes Database (ICD) website offers a comprehensive database on international crimes adjudicated by national, as well as international and internationalized courts and will provide access to a range of information not just for lawyers and judges but also for students, academics, families and communities of victims of crimes, and others.

The launch will include speeches from the Ministry of Security and Justice, the International Centre for Counter-Terrorism (ICCT) - The Hague, ICD team members, the ICD steering committee, of course a presentation of the website itself, a keynote speech on international crimes by Judge Fausto Pocar (ICTY) and a reception for all those attending.

RSVP before 7 November to conferencemanager@asser.nl
