Due to the following acts:

During the war in Bosnia and Herzegovina, and at the time of the armed conflict between the Croat Defence Council /HVO/ and the Army of the Republic of Bosnia and Herzegovina, in the period between August 1993 and 19 March 1994, in the Football Club /FC/ *Iskra* Stadium Camp in Bugojno, as members of the Bugojno Public Security Station reassigned to the RBiH Army and as members of the RBiH Army, more specifically, the first-suspect Nisvet Gasal in his capacity as the Camp Warden of the FC *Iskra* Stadium, and the second-suspect Musajb Kukavica in his capacity as the Security Camp Commander of the FC *Iskra* Stadium, they acted contrary to the rules of international humanitarian law and thereby violated Article 3 (1) a) and c) of the Geneva Convention relative to the Protection of Civilian Persons in Time of War of 12 August 1949 by committing, inciting and aiding in the preparation and commission of the criminal offences reflected in an inhumane treatment of detainees of Croat ethnicity in the FC *Iskra* Stadium Camp who, without any grounds, were deprived of their liberty and detained in the referenced Camp, they kept them there in inhumane conditions, made them perform forced labour, allowed the other members of the RBiH Army to enter the referenced Camp and take the detainees out of the Camp for interrogation, on which occasion they were tortured, and some detainees have been unaccounted for ever since, and besides, they failed to take necessary and reasonable measures to prevent the torture of detainees in the Camp under their control and to punish perpetrators subordinate to them; to be more explicit:

#### 1. NISVET GASAL AND MUSAJB KUKAVICA TAKEN TOGETHER

In the period from 21 September 1993 to 19 March 1994 and in the period from 21 September 1993 to 8 March 1994 Nisvet Gasal and Musajb Kukavica respectively were responsible for the operation of the FC *Iskra* Stadium Camp and were directly superior to all the guards and responsible for the supervision of the work of guards in the referenced Camp in which, under inhumane conditions, more than 300 persons - men of Croat ethnicity - were detained in unfit rooms in which standards of hygiene were deplorable and the detainees did not have enough food, water and necessary medical aid, whereas during the same period of time, a great number of detainees were exposed to inhumane treatment: they were taken out of the Camp to perform forced labour in Bugojno where they cleaned the streets, chopped wood for the needs of the RBiH Army and performed different physical work or were taken to the front lines held by the RBiH Army against the Republika Srpska Army and HVO in the direction of Donji Vakuf, Gornji Vakuf/Uskoplje, and in the direction of Kupres, more specifically, the places: Podripci, Sabljari, Pajić Polje, Donja Hrasnica, Gornja Hrasnica, Pirići, Duratbegović Dolac, Garačački Podovi and other places where they dug trenches and communication trenches and dugouts, there was a lot of shooting at these locations while the detainees were working, and they were often used as "human shields", a number of detainees suffered bodily injuries, including [REDACTED] when the detainees were brought back to the Camp they were not provided with adequate medical aid; at the

same time, a large number of camp detainees was tortured by guards in this Camp or by other members of the RBiH Army who were allowed to enter the Camp by the guards who were subordinate to them, only to torture the detainees of Croat ethnicity who were tortured in such a way that the guards, and sometimes Musajb Kukavica personally, took them out of a room in which they were detained and brought them to a corridor of the Stadium, on the open stands of the Stadium or the field of the Stadium where they were kicked, punched and struck with blunt objects all over their bodies by guards and members of the RBiH Army; the following persons were tortured in such a way: [REDACTED]

[REDACTED]

[REDACTED] and other detainees; many detainees were taken out of the rooms in which they were detained by guards, some were also taken out by Nisvet Gasal and Musajb Kukavica, and afterwards in order for them to be interrogated, they were taken by guards in the Camp and members of the Military Police from the Camp under their control to the premises of the BH Bank in Bugojno where the Military Police of the 307<sup>th</sup> Brigade had been based and where the Military Police Company of the West Operations Group of the RBiH Army was based since November 1993, and where they were tortured in such a way that military police officers kicked them, punched them and struck them with blunt objects; afterwards, with obvious injuries all over their bodies, they were brought back to the Camp, among the detainees being: [REDACTED]

[REDACTED] and other detainees; however, the following detainees were not brought back to the Camp after they had been taken for the second time to the BH Bank for interrogation, where they were tortured in the same way: [REDACTED]

[REDACTED] were not returned after they had been taken there for the second time; also, [REDACTED]

[REDACTED] were not taken back to the Camp; these detainees have been unaccounted for ever since,

## II. MUSAJB KUKAVICA ALONE

From the beginning of the establishment of the FC *Iskra* Stadium Camp in August 1993 until about 9 September 1993, he was directly superior to all the guards in the Camp and responsible for the supervision of the guards' work in this Camp in which, under inhumane conditions, more than 300 persons - men of Croat ethnicity - were detained in unfit rooms in which the standards of hygiene were deplorable and in which the detainees did not have enough food, water and necessary medical aid, whereas at the same time period a large number of detainees was exposed to inhumane treatment in such a way that they were taken out of the Camp to perform forced labour, and Musajb Kukavica was often present when detainees were selected for the work, and sometimes he personally selected detainees for the work; detainees were taken to perform the forced labour in Bugojno where they cleaned the streets and performed other different physical work or were taken to the front lines which were held by the RBiH Army against the Republika:

Srpska Army and HVO in the direction of Donji Vakuf, Gornji Vakuf/Uskoplje, and in the direction of Kupres, more specifically towards the places of Prusac, Guvna, Bistrica, Pajić Polje, Donja Hrasnica, Gornja Hrasnica, Vejići, Pirići, Duratbegović Dolac, Garačački Podovi and other places where they dug trenches and communication trenches and dugouts, and were often used as "human shields" and tortured by the RBiH Army members who punched them and kicked them all over their bodies; while they were working, a number of detainees including [REDACTED]

[REDACTED] suffered bodily injuries, and when they were brought back to the Camp they were not provided with adequate medical aid, or were killed, including [REDACTED] or were taken from the forced labour in Prusac to the Bugojno BH Bank premises for interrogation, where the Military Police of the 307<sup>th</sup> Brigade of the RBiH Army was based, among those being [REDACTED]

[REDACTED] where they were tortured in such a way that the Military Police members punched them, kicked them and struck them with blunt objects all over their bodies, and as a result of the injuries he received during the torture in the BH Bank [REDACTED] died, and was then carried by a vehicle in an unknown direction, so that all of them, except for [REDACTED] who managed to escape, have been accounted for ever since, whereas in the same time period, a large number of detainees in the Camp were tortured by the guards in this Camp or by other members of the RBiH Army who were allowed by the guards subordinate to him to enter the Camp only to torture the detainees of Croat ethnicity who were tortured in such a way that the guards, and sometimes Musajb Kukavica personally, took them out of the room in which they were detained into the corridor of the Stadium, at the open stands of the Stadium or the pitch of the Stadium where they were punched, kicked, struck with blunt objects all over their bodies by the guards and members of the RBiH Army; the following detainees were tortured in such a way:

[REDACTED] and other detainees,

Therefore, during the war in Bosnia and Herzegovina, at the time of the armed conflict between the HVO and the RBiH Army, by violating the rules of international humanitarian law, more specifically, Article 3 (1) a) and c) of the Geneva Convention relative to the Protection of Civilian Persons in Time of War of 12 August 1949, they committed, incited and aided in the commission of the acts of inhumane treatment, torture, forced labor of the detainees, and as the superiors and responsible persons they failed to take necessary and reasonable measures in preventing the commission of the referenced offences and punishing the perpetrators of these offences,

As seen by the acts described in Counts I and II of the operative part, Nisvet Gasal and Musajb Kukavica committed the criminal offence of War Crimes against Civilians in violation of Article 173 (1) c) and f) of the BiH CC in conjunction with Article 180 (1) and (2) and Article 29 of the BiH CC.

Hence, I

## INVESTIGATION RESULTS

The results of the investigation conducted by this Prosecutor's Office undoubtedly confirm the validity of this Indictment, that is, the allegations that the first and the second suspect, Nisvet Gasal and Musajb Kukavica, in the manner, at the time, in the place and under the circumstances stated in the operative part of the Indictment, committed the criminal actions stated in this Indictment, which constitute all the essential elements of the criminal offence of War Crimes against Civilians referred to in Article 173(1)(c) and (f), in conjunction with Article 29 of the Criminal Code of Bosnia and Herzegovina and Article 180(1) and (2) of the CC BiH.

It has been established by the evidence which the Prosecutor's Office obtained during the investigation, both the physical evidence and the statements of the witnesses examined, that the suspects Gasal Nisvet and Musajb Kukavica committed this criminal offence in Bugojno during the war in Bosnia and Herzegovina and at the time of the armed conflict between the Army of the Republic of Bosnia and Herzegovina (hereinafter: the ARBiH) and the Croat Defence Council (hereinafter: the HVO), as members of the civilian police, that is, the Bugojno Public Security Station reassigned to the Army of BiH and as members of the Army of BiH, namely: Nisvet Gasal in the capacity as the Warden of the *FC Iskra Stadium* camp and Musajb Kukavica in the capacity as the Security Commander in the *FC Iskra Stadium* camp.

### a) War in Bosnia and Herzegovina

Pursuant to Article 8 of the Decree Law on Defence (*Official Gazette of the RBiH*, number 4/92), upon the motion of the Main Staff of the Armed Forces of the Republic of Bosnia and Herzegovina, at the session held on 20 June 1992, the Presidency of the Republic of Bosnia and Herzegovina issued the Decision on declaring the state of war, by which the state of war in the territory of the Republic of Bosnia and Herzegovina was declared.

The Decision on declaring the state of war was published in the *Official Gazette of the RBiH*, number 7/92, and it entered into force on the day when it was published in the *Official Gazette of the RBiH*, namely on 20 June 1992.

Based on the General Framework Agreement on Peace in Bosnia and Herzegovina of 14 December 1995, the Presidency of the Republic of Bosnia and Herzegovina, upon the motion of the Ministry of Defence, rendered the Decision on terminating the state of war at the session held on 22 December 1996.

### b) Armed conflict between the HVO and the Army of RBiH

It is evident from the abundant amount of evidence collected by this Prosecutor's Office during the course of the investigation that there was an armed conflict between the ARBiH and the HVO in

the relevant period of time in the area of the Bugojno municipality, as well as in the area of the neighbouring municipality of Gornji Vakuf / Uskoplje.

It indisputably follows from the physical evidence and the statements of the witnesses examined in the Prosecutor's Office of Bosnia and Herzegovina that the armed conflict between the ARBiH and the HVO in Bugojno began on 18 July 1993. The ARBiH attacked the HVO positions in Bugojno thereafter. This attack was not limited only to the HVO positions, but also numerous civilians of the Croat ethnicity were deprived of liberty at their homes and imprisoned.

The Interim Report of the operational body of the Bugojno Army Operations Command number 02-788-6 of 11 July 1993, which was sent to the West Operations Group, among other things, under item 2 states the following: "...the situation in the area of Bugojno is still complex and tense.", while item 3 states: "our forces are in full combat readiness. Activities regarding the combat operation planning and the regrouping of a part of the forces are ongoing".

The Combat Report of the Military Police of the 307<sup>th</sup> Motorized Brigade for the period between 18 July 1993 and 31 July 1993, number 1100-1083/93 dated 10 August 1993, among other things, states the following: "Since noticeable tension was felt in the relations between the Army of RBiH and the HVO forces in Bugojno for a fairly long time, and since it culminated on 18 July 1993, our unit was put in the state of full combat readiness. The Military Police Command facility was immediately secured in the appropriate manner and all members of our unit, except those who were on regular leave that day, were put in the state of full readiness. All necessary preparations were also made that day, so that the unit could start combat activities immediately at any moment."

On 19 July 1993, upon the order of the superior command, the unit was at its previously established positions, from where it initiated an action in the region called Sector IV/2. On the same day, the action at the *Hunting Club* and private housing facilities in M. Tita Street was completed,... After that the action was initiated at Lamela in Dž. Bjedića Street, opposite to the PTT /Post, Telegraph, Telephone/ building. Immediately after the action was completed in the *Hunting Club*, a part of our unit linked up with the area units from Sectors II and III, and a joint operation of mopping up in the area began ... In the afternoon hours of 20 July 1993, the action was fully completed in Lamela in Dž. Bjedića Street and in the Catholic monastery near Lamela. A few days before the direct conflict with the HVO units, proper preparations were made with area unit members and civilian population from that part of Sector IV/2, so that that part was mopped up very quickly and without casualties on our side... Our forward platoon in the ZOIL /Personal and Property Insurance Co./ building in the town centre was under the command of the Ministry of the Interior, Public Security Station Bugojno, from the beginning of the conflict and, acting together with members of the Ministry of the Interior, it participated in actions involving enemy strong points in Sector IV/1. First the *Inpo* Department Store was captured on 20 July 1993, and our forward platoon directly participated in the capture of *Ljubljanska banka*, the Ustashas' stronghold in Tomo Ivković's

house, the *Kalin* hotel and the 1<sup>st</sup> Battalion.... so that on that day, 21 July 1993, the action was also completed at the so-called *Špic* near the Catholic cemetery in Sultanovići, so that the task entrusted was completely fulfilled in this way, which means that the starting combat line towards Crnič and towards the villa *Gorica* was formed. After that our forces regrouped, consolidated its ranks and waited for next tasks... Soon afterwards enemy strong points in the town started falling one after another and our unit was given a task to take over the captured combatants and civilians, and then place them in appropriate places and take care of their security, which was done...."

By its Daily Operation Combat Report, strictly confidential No. 04/516-93 of 23 July 1993, the *West* Operations Group Command informed the 3<sup>rd</sup> Corps Command, among other things, of the following: "The units of the 307<sup>th</sup> Motorized Brigade and the Municipal Defence Staff captured part of the 1<sup>st</sup> Battalion, took control of the *Spedicija* company and took control of the area, so that 95% of the town area is under our control. One strong point remained in the town, namely the *Kalin* Hotel, where the HVO Military Police was located. The positions at the *Kik* hill above the village of *Vesela* have been strengthened by the forces of 4/307 battalion and the HVO prevented from taking complete control of *Crnički Podovi*. At the same time we regrouped the forces for the attack on the HVO parts in the area of the village of *Peruzović-Jasika*. An attack on the village of *Humac* has also been launched; the attack is still ongoing. Panic is reported in *Ustasha*'s ranks...", while the Daily Operation Report, strictly confidential No. 04/521-93 of 24 July 1993, among other things, states that "in the area of the 307<sup>th</sup> Motorized Brigade ...the *Kalin* hotel strong point was occupied and on that occasion 100 combatants and 150 civilians were captured."

The Daily Report of the 3rd Corps Press Centre of 25 July 1993 states: "The major *Ustasha*'s stronghold in the town, the *Kalin* Hotel, fell in yesterday's combat activities. A hundred of combatants were captured there and the Army gained control of the entire *Goduša* area."

The Regular Combat Report of the Bugojno Municipality Defence Staff number 02/263-80 of 26 July 1993, which was sent to the *West* Operations Group, states the following: "Around 21:00 hrs on 25 July 1993 the 2<sup>nd</sup> Battalion with the Commander *Dragan Erkić* surrendered to our forces. 108 combatants in total surrendered..."

The Regular Combat Report of the Bugojno Municipality Defence Staff number 02/263-83 of 27 July 1993, which was sent to the *West* Operations Group, under item 2 states the following: "After capturing the villages of *Perzović* and *Garačički Podovi*, the defence line against the HVO is as follows:

- *Tičija* gl. trig point 1022 – *Debelo brdo* 952, *Gladovo* trig point 907 – *Drinovi klanac* – *Vrpeč* village – *Gorica* trig point 646 – *Sultanovići* village – Catholic cemetery – *Vučipolje* village – *Kandija* village – trig point 710 – *Golo Brdo* (Muslim cemetery) – *Zlavast* village in our hands – trig point 813 – *Dubovik*.

- There are a large number of civilians and around 1000 combatants within the delimited area (Kandija - Crniče). We offered them the possibility to surrender via the UNPROFOR, but they refused.
- We estimate that they will attempt to break out towards the village of Gračanica or towards the village of Kordići. We are strengthening our forces in both directions with a goal of narrowing the encirclement and forcing them to surrender.”

The existence of the armed conflict is also evident from other physical evidence proposed to be inspected at the main trial and the statements of the witnesses heard during the investigation and proposed to be examined at the main trial.

c) *FC Iskra Stadium* camp and the capacity of the victims – injured parties

At the session held on 24 August 1993, the Bugojno Municipality War Presidency issued the Decision on designating the lockup premises (detention) for civilians and military personnel who have been convicted or detained by relevant authorities on the premises under the stands of the *Iskra* football stadium. The Decision is registered under number 01-124-86/93.

Although the mentioned Decision was issued on 24 August 1993, the evidence collected by this Prosecutor’s Office during the investigation indicates that the FC Iskra Stadium was prepared for the reception of HVO detainees and civilians of the Croat ethnicity as early as the beginning of August 1993 and that civilians and HVO members were detained on the premises under the *Iskra* stadium stands already by 15 August 1993.

First of all, the witness [REDACTED] stated that on 5 August 1993 he was transferred to a guard post within the compound of the FC *Iskra* Stadium *Jaklić* and described that he and others first had the task to relocate the stadium fence and place it under the stadium stands towards the entrance and then to place an observation post at the stadium stands to secure the prison. He further stated that, according to his information, there was an order to establish this prison-detention. The witness [REDACTED] also confirmed these allegations, saying in his statement that sometime between 6 and 7 August, in mid-August 1993, from the *Vojin Paleksić* Elementary School, where he was detained for some time, he and several other detainees were taken to the *Iskra* Stadium, where they were placing pallets and boards in changing rooms under the stands and preparing the premises, that is, the camp for all HVO members and civilians who were detained. He stated that a guard who escorted them from the school to the stadium told them what the purpose of the preparations at the stadium was and that they were working on these preparations for three to four days, and then all of them were transferred from the school to the stadium.

The witnesses [REDACTED] and other witnesses who were examined confirmed that the transfer of the detainees to this space had

taken place before the decision on establishing the prison was issued. They stated that they were detained at the FC *Iskra* Stadium as early as in the first half of August 1993.

The second suspect Musajb Kukavica himself spoke in favour of the foregoing assertion. It follows from the Record of the questioning of the suspect Musajb Kukavica number KT-RZ 125/07 dated 20 April 1993 that Musajb Kukavica, together with Ibro Letić, was transferred from the Bugojno Public Security Station to the FC *Iskra* stadium some 15 days after the end of conflicts and that Meho - Mehmed Sadiković was assigned to the position of Warden at the stadium. Bearing in mind that the conflicts in Bugojno ended on 25 July 1993, it is evident that the suspect Musajb Kukavica started performing duties as the *guard commander* at the FC *Iskra* stadium in the first half of August 1993. All of this is confirmed by the physical evidence, the personal record card and the unit file for Musajb Kukavica, from which it is evident that he was transferred from the Bugojno Public Security Station to another unit on 5 August 1993.

Although the evidence collected by the Prosecutor's Office confirms that the Bugojno Municipality War Presidency was thinking even earlier about establishing the Prison for members of the Army of RBiH at the FC *Iskra* Stadium, it is evident that this intention was realized only after the direct conflict between units of the Army of RBiH and the HVO in Bugojno and that the *Prison* was indeed established, however, not for ARBiH members, but for captured Croats. It is evident from the Order of the Bugojno Army Operations Command number 01-933-I of 26 July 1999 (although 1999 is written on this document, it is obvious that this is a typing error and that 1993 should be written instead) that, after the end of the conflict, members of the ARBiH, Ministry of the Interior and Military Police committed certain crimes against captured civilians and HVO members. After the end of the direct conflict in the Bugojno town, HVO members and Croat civilians were imprisoned at several locations, namely: a garage in Donjići, the Furniture Showroom *Slavonija DI*, premises of the Marxist Centre – Nuns' Cloister, the *Vojin Paleksić* Elementary School, the *Stipo Derek* Elementary School and the Culture and Sports Centre, which were under the ARBiH control, as well as in the Bugojno Public Security Station and *Gimnazija /Grammar School/*, which were under the civilian police control. HVO members and Croat male civilians were escorted from all the mentioned detention facilities, except the Bugojno Public Security Station and the *Grammar School*, which were under the civilian police control, and imprisoned at the *Iskra* Stadium in August 1993. The detainees who were on the premises under the civilian police control were escorted to the *Iskra* Stadium in late September or early October 1993. As it has been already stated above, preparations for the imprisonment of Croats at the FC *Iskra* Stadium began already in early August 1993. The Decision number 01-V-22/93 of 28 July 1993, issued by the Bugojno Municipality War Presidency, confirms that the preparations started even earlier. Mehmed Sadiković was appointed as the Warden of the temporary prison in Bugojno by this Decision.

A large number of the witnesses examined by this Prosecutor's Office during the investigation stated that in the very beginning the first Camp Warden was Mehmed Sadiković and that the

suspect Nisvet Gasal was appointed to his post after a certain period of time. The suspects Nisvet Gasal and Musajb Kukavica confirmed this themselves. Furthermore, [REDACTED] statement confirmed the foregoing assertion, since she stated that she worked as [REDACTED] Mehmed Sadiković and that she was doing this job for about a month, until Mehmed Sadiković was transferred to work in the Bugojno Municipality, and after that she was also transferred to the Bugojno Public Security Station.

Although it was established as lockup premises (detention) for civilians and military personnel convicted or detained by relevant authorities, and although the names *Bugojno Town Prison*, *Bugojno Military Prison* and *Lockup premises* are also used, the *Iskra FC Stadium* was a camp in the true sense of the word. The entrance to the *FC Iskra Stadium* camp was fenced with wire, there was an observation post in the camp and there were guard posts at the entrance gate. The detainees were placed in one fairly large and several fairly small premises located under the stadium stands. The guard commander and the guards had their room at the stadium, while the Camp Warden's office was in a residential building near the camp, but the guards, shift leaders, the commander of the guard/security and the deputy warden regularly went and reported to the warden, and the warden himself regularly visited the camp.

The detainees in the camp *FC Iskra Stadium* were civilians and HVO members. However, at the time when the offences the suspects have been charged with were committed, the detainees did not take active part in combat activities, so they are to be treated as civilians in accordance with the case law of the ICTY and the Court of BiH. It was established in Paragraph 54 of the final judgment of the ICTY in The Hague in the *Jelisić* case, number IT-95/10, among other things, that reference to a civilian population would seek to place the emphasis more on the collective aspect of the crime than on the status of the victim, that is, that the notion of the civilian population must include all those persons bearing or having borne arms who had not, strictly speaking, been involved in military activities. The Trial Chamber concluded that the notion of civilian population in the strict sense also included all persons placed *hors de combat* when the crime was perpetrated. The case law of the Court of Bosnia and Herzegovina in the final judgment against Abduladhim Maktouf and the first instance judgments against Nisvet Ramić and Nikola Andrun goes in the same direction. It is important to note that all detainees in the *FC Iskra Stadium* camp were Croat men, among whom were at least two juveniles.

Disobedient ARBiH members were also detained at the *FC Iskra Stadium* during a certain period of time. However, conditions of their detention differed significantly from those of the Croat men in detention. The ARBiH members were detained in a room physically separated from the Croat detainees, they did not go to perform forced labour and they were detained only until the expiry of a certain punishment and then released.

It is evident from the physical evidence collected by the Prosecutor's Office of BiH in the course of the investigation that the authority over the *FC Iskra Stadium* camp was changing. Three

periods are characteristic: the period from the establishment of the camp until mid-September, the period from mid-September until the end of October 1993 and the period from the end of October 1993 until the exchange of detainees and the closing of the camp in 1994. The first two periods are very specific since it is not clear who exactly was in charge of the camp. However, it is evident that in these periods the municipal authorities, Bugojno Defence Staff Command, Bugojno War Presidency, Bugojno Public Security Station, 307<sup>th</sup> Motorized Brigade and *West* Operations Group contributed significantly to the functioning of the camp. In the third period the camp went completely under the authority of the ARBiH *West* Operations Group. It is evident from the suspects' personal record cards and unit files and other evidence that there was a change of the authority over the camp. Also, in late October and early November 1993 there was a change in relation to the ARBiH Military Police. The Military Police, which had been within the composition of the 307<sup>th</sup> Motorized Brigade by that time and called the Military Police of the 307<sup>th</sup> Motorized Brigade, was directly resubordinated to the *West* Operations Group and named the Military Police Company of the *West* Operations Group.

On 19 March 1993, through the International Committee of the Red Cross (hereinafter: the ICRC), 294 Croat detainees from the *FC Iskra Stadium* camp were exchanged.

However, regardless of the change of authority over the *FC Iskra Stadium* camp, the responsibility and the capacity of the suspects Nisvet Gasal and Musajb Kukavica did not change.

#### d) Capacity of the suspects

It follows from the physical evidence obtained during the investigation that the first suspect Nisvet Gasal was the Warden of the *FC Iskra Stadium* camp in the relevant period of time, while the second suspect Musajb Kukavica was the Security Commander of the *FC Iskra Stadium* camp. This fact is evident from the objective documentation, the statements of numerous witnesses and the records of the questioning of the suspects.

#### I. Nisvet Gasal

The name of the first suspect Nisvet Gasal is written under number 64 of the list of the Bugojno Public Security Station (the PSS) members of 11 August 1993, which the Bugojno PSS Chief delivered to the Bugojno Municipal Secretariat of Defence with the covering document number 19-2/01-1-232/93 of 11 August 1993.

The Bugojno PSS Chief delivered to the Bugojno Municipal Secretariat of Defence the list of the Public Security Station members of 30 September 1993 inclusive, the list of newly-hired members of the Public Security Station, the list of members who are no longer assigned to the Bugojno

Public Security Station and the list of members who are reassigned with the covering document number 19-2/01-501/93 of 30 September 1993. The list of members who are reassigned contains eighteen names in total. Out of these eighteen names, 15 PSS members were reassigned to the *Military Police*, while three PSS members were reassigned to the *Prison*. The first of the three PSS members reassigned to the *Prison* is Nisvet Gasal. All 18 PSS members were registered as reassigned since 22 September 1993.

In the Official Note number 03-94/119 of 7 March 1994, made by an authorized officer of the Security Body of the 307<sup>th</sup> Mountain Brigade, the first suspect Nisvet Gasal is mentioned as the Warden of the Central Prison.

It is also evident from other documents signed by the suspect Nisvet Gasal that he performed the function of the warden of the *FC Iskra Stadium* camp. These documents are as follows:

- Warden's document number 530-3-/94 of 21 March 1994,
- Warden's document number 477-3/94 of 8 March 1994,
- Warden's document number 28 February 1994, by which he delivered information on weapons to the *West Operations Group* Commander,
- Warden's document number 331-2/94 of 14 February 1993, Warden's document number 318-2/94 of 11 February 1994 and
- Warden's document number 5/93 of 23 October 1993.

The last document mentioned is particularly interesting and it confirms that there was a change in the authority over the camp, but that the same person remained the Warden. The title of the mentioned document reads as follows: RBiH, Bugojno Municipality, Administration of the Lockup Premises – Detention Bugojno, while the seal reads: RBiH, Bugojno Municipal Assembly, Lockup Premises. In the abovementioned documents, which were obtained by the Prosecutor's Office during the investigation and issued by the warden after this document, the title reads: RBiH, ARBiH, West Operations Group, Lockup Premises, while the Warden continued using the same seal.

## II. Musajb Kukavica

The second suspect Musaib Kukavica is listed under number 112 of the list of the Bugojno Public Security Station members of 11 August 1993, which the Bugojno PSS Chief delivered to the Bugojno Municipal Secretariat of Defence with the covering document number 19-2/01-1-232/93 of 11 August 1993. Hence, although according to the unit file and personal record card Musajb Kukavica was registered in another unit since 5 August 1993, the actual situation in 1993 was different, that is, he was still registered as a member of the Bugojno PSS. This is also confirmed by the Certificate of the Bugojno Defence Section number 17-21-11-03-32-814/06 of 20 March 2006.

The Bugojno PSS Chief delivered to the Bugojno Municipal Secretariat of Defence the list of the Public Security Station members of 30 September 1993 inclusive, the list of newly-hired members of the Public Security Station, the list of members who are no longer assigned to the Bugojno Public Security Station and the list of members who are reassigned with the covering document number 19-2/01-501/93 of 30 September 1993. The list of members who are reassigned contains eighteen names in total. Out of these eighteen names, 15 PSS members were reassigned to the *Military Police*, while three PSS members were reassigned to the *Prison*. The second of the three PSS members reassigned is Musajb Kukavica and he, as well as the remaining 17 PSS members, was registered as reassigned since 22 September 1993. The unit file and personal record card state that Musajb Kukavica transferred from the Bugojno PSS to another unit on 5 August 1993.

The statement number 1100-360-A-94 of 8 March 1994 mentions that the second suspect Musajb Kukavica performed the duty of the *Security Commander of the Military Prison in Bugojno* in that period.

The Decision number 493-3/94 of 10 March 1994, issued by the Camp Warden, states the following: "We hereby inform you that Musaib Kukavica, son of Fuad, is relieved of his duty as the prison security commander. He performed this duty from 21 September 1993 to 8 March 1994, and he is referred to the personnel and legal affairs."

The fact that the suspects Nisvet Gasal and Musajb Kukavica performed the abovementioned duties in the *FC Iskra Stadium* camp during the relevant period also follows from the statements of the following witnesses who were examined before the Prosecutor's Office of Bosnia and Herzegovina in the course of the investigation:

[REDACTED]

[REDACTED] and others.

Finally, even the suspects Nisvet Gasal and Musajb Kukavica themselves do not deny that they performed the abovementioned duties, which is what they stated in detail when presenting their defence.

After the end of their duties in the *Iskra* camp, that is, the end of the reassignment and membership in the ARBiH, both Nisvet Gasal and Musajb Kukavica returned to their parent unit, that is, the Bugojno PSS, which is evident from the Decision number 21-1/10-120-1028-18/94 of 18 May 1995 for Nisvet Gasal and the Decision number 21-1/10-120-1028-19/94 of 18 May 1995 for Musajb Kukavica.

It is evident from the Order of the *West Operations Group Command*, confidential number 05/1790-1 of 21 April 1994, who the guards in the *FC Iskra Stadium* camp, that is, *Members of the prison security unit*, were. Nisvet Gasal and Musajb Kukavica were not mentioned in the list enclosed with this Order, given that they had already returned to their duty in the Bugojno PSS

earlier. Also, the list does not contain the names of some other guards who were relieved of their duties in the prison security by the decision of the Warden.

Also, it clearly follows from all the mentioned objective and subjective evidence that the suspects Nisvet Gasal and Musajb Kukavica, performing the abovementioned duties, had actual authority and power in the *FC Iskra Stadium* camp.

**e) Criminal actions the suspects have been charged with**

**I. Nisvet Gasal and Musajb Kukavica together**

**a) Inhumane treatment - by the detention in inhumane conditions**

Numerous statements of the witnesses who were examined confirm that the detainees in the *FC Iskra Stadium* camp were detained in inhumane conditions. All witnesses identically stated that the life conditions in the camp were unbearable, there was no water, hygienic needs were reduced to a sheet-metal barrel and cans, food was meagre, although some meals that kept detainees alive were supplied, the detainees did not have adequate clothing and footwear in the winter period, they lay on wooden pallets in small changing rooms and other premises under the stadium stands, and there was no adequate medical aid.

Describing the conditions in the camp, the witness ██████████ stated that: "the conditions in the camp were unbearable, there was no water at all, hygienic needs were reduced to a sheet-metal barrel and cans, and food was meagre, although twice a day we shared a meal that kept us alive." Speaking about the accommodation conditions in the camp, the witness ██████████ pointed out that conditions in the camp were unbearable, since it was terribly cold and the detainees did not have adequate clothing and footwear and they had to lie on the pallets. The prisoners were detained under the stadium stands, in the changing rooms, toilet and an ancillary room for equipment. The witness ██████████ also spoke about the conditions in the camp, stating that juveniles were also detained in the camp and that the conditions in the camp were deplorable and unbearable, taking into consideration the hygienic conditions, food and health conditions. He stated that 300 to 400 hundred detainees were detained in the camp, depending on the period, and that there was only one toilet. The witness stated that the guards Džopa and Telbiz were very strict and that they maltreated and beat the detainees without any reason and forbade the detainees from using the toilet and establishing contacts with their families. The witness ██████████ also confirmed this, stating that he was taken together with 24 other detainees from the forced labour in Prusac to the *Iskra Stadium* camp, where they found a three-meter high wire fence, while an iron door was set at the entrance. He remembered that around 300 or perhaps more detainees were placed in the changing rooms, in fairly small rooms for referees and equipment and in the part with shower cubicles. The witness stated that the conditions in the camp were unbearable, since the

detainees were crammed in very small rooms, without water and electricity, while meals were extremely meagre.

The witnesses [REDACTED] also spoke about the conditions in the camp, stating that in October 1993 they were transferred to the *Iskra* Stadium, where they found a real camp ambience, since a high wire was put up around the front part of the stadium where an observation post was placed, while a heavy metal door was at the entrance. They further stated that the quantity of food in the *Iskra* camp was minimal, sufficient for survival, the water was very meagre, and detainees were given medical aid only in exceptional circumstances such as when detainees suffered serious injuries. They said that a nun would come to the camp and bring *Caritas* humanitarian aid, but this aid was also distributed in minimal quantities, since the camp guards would take most of the humanitarian aid. These witnesses also stated that they had a bath only once in eight months while in the detention. They also stated that hygienic conditions were deplorable, so that they were infested with lice; the witnesses [REDACTED] and many other witnesses examined also spoke about this.

They further stated that Musaib Kukavica was punishing detainees to the extent that he forbade family members and nuns from bringing additional food to the detainees in the camp. The witness [REDACTED] particularly spoke about the conditions in the camp, stating that he was detained in a changing room in the camp, and that he became seriously ill because of the bad conditions in the camp, so he was taken to the Health Centre – Bugojno War Hospital, where he was treated all until 29 September 1993 when, on the initiative of the warden Nisvet Gasal, he was sent back to the camp and imprisoned. He stated that the ICRC registered the detainees in the camp a day before 29 September 1993. The witness was detained on 23 July 1993. In November 1993 he had a bath for the first time. He stated that he had a privilege of having a bath three times within the eight months of detention, that is, until 19 March 1993. He further stated that the conditions in the camp were beneath human dignity, there was no food, medicines, water or electricity, and hygienic conditions were so unbearable that all detainees got lice very soon. The witness [REDACTED] also spoke about the conditions in the camp, stating that there were over 300 detainees there and that they could use only one toilet, that is, an improvised barrel, that they drank water from a hose which was outside the room, and that a large number of detainees vomited and had diarrhoea due to the bad hygienic conditions. He stated that he had a bath for the first time 114 days after he had been detained, while the witness [REDACTED] stated that he had a bath only twice within the eight months of his detention.

The witnesses [REDACTED] and many others also spoke about the conditions in the camp, stating that only one toilet was used in the camp, that food was distributed once a day and consisted of a kind of thick soup and 8 or 9 loaves of bread for all detainees, that they slept in a part located under the stands, right under the roof which leaked, and that the detainees slept on floors and blankets. The witness [REDACTED] in particular stated that the conditions in the camp were unbearable and particularly difficult in November 1993, because it

was constantly raining and it was cold in the area under the stands. The witness [REDACTED] described the life in the camp as "the twilight zone", because the conditions were beneath human dignity, all human rights were denied, hygienic conditions were not good, detainees got lice and had numerous wounds caused by work and injuries they sustained.

The witness [REDACTED] also confirmed the foregoing allegations about the conditions in the camp, since she, as a medical worker, powdered the detainees who were infested when she was allowed to enter the FC Iskra camp compound in late 1993.

**b) Inhumane treatment – by participating in taking detainees to forced labour**

The numerous statements of the witnesses examined confirm that the detainees in the *FC Iskra Stadium* camp were treated inhumanely. These witnesses stated that on several occasions they were taken from the camp to perform forced labour all over Bugojno, where they cleaned streets, cut wood for the needs of members of the Army of RBiH and performed other various physical labour or were taken to Army of RBiH front lines held against the Republika Srpska Army and the HVO in the direction of Donji Vakuf, Gornji Vakuf/Uskoplje, and in the direction of Kupres, more specifically the places: Podripci, Sabljari, Pajić Polje, Donja Hrasnica, Gornja Hrasnica, Pirići, Duratbegović Dolac, Garačački Podovi and other places, where they dug trenches, communication trenches and dugouts, where there was a lot of shooting around and where they were also used as human shields; during the work, a certain number of detainees suffered bodily injuries, while a certain number of detainees were killed; when they were brought back to the camp, the detainees were not provided with enough adequate medical aid.

Inhumane treatment - by taking to forced labour, is confirmed by the statement of the witness [REDACTED] who stated that it was usual ever since they were detained in this camp that detainees were taken to perform forced labour at the front lines and to be used as human shields at ARBiH lines against the HVO or against the RS Army, as well as to perform agricultural work, and even construction, utility and sanitary work in the whole Bugojno region up to Uskoplje and Donji Vakuf. He personally dug communication trenches and trenches in the direction of Uskoplje on several occasions and he also cleaned roads all over Bugojno as a cleaner, on which occasion fellow-citizens remarked: "How is it going, [REDACTED]". The witness stated that [REDACTED] together with 5 other camp detainees, managed to run away while working on a front line. The witness [REDACTED] also spoke about the inhumane treatment – by being taken to forced labour. He said that in the latter part of September 1993, together with a group of detainees, he was taken towards Kupres, to ARBiH lines against RS members, to perform forced labour. He stated that the guard Džopa called him out in that work group. On the second or third day of performing the forced labour, that is, repairing dugouts that had already been made, he, together with [REDACTED] and another detainee, managed to run away from the forced labour. The witness [REDACTED] also spoke about the inhumane treatment

– by taking to forced labour. He said he knew that [REDACTED] managed to run away while performing labour. This was also confirmed by the witness [REDACTED] who stated that he knew that the detainee [REDACTED] also managed to run away while digging trenches. The statement of the witness [REDACTED] also confirmed that the detainees were taken to perform forced labour in the place Gavnu, Donji Vakuf, towards the lines held by Serbs (the Army of Republika Srpska) and also in the places Pavić Polje, Gornja and Donja Hrasnica in the immediate vicinity of Gornji Vakuf, towards the lines held by the HVO. He also stated that he performed other work in Bugojno, such as cleaning roads and hoeing up potatoes and other cereal crops. The witnesses [REDACTED] also confirmed this, stating that on several occasions they cut trunks that ARBiH members used as firewood, that they dug trenches and communication trenches, made dugouts, hoed potatoes and performed other work. This was also confirmed by the witness [REDACTED] who stated that during the whole period of his detention in the FC Iskra camp he went to perform forced labour, namely to dig trenches, communication trenches and dugouts towards separation lines, and that detainees were beaten and maltreated by guards during the forced labour, so that, upon the return to the camp, they had injuries caused not only by work they performed but also by beatings they suffered.

[REDACTED] also gave a statement about being taken to perform forced labour, stating that he could not remember the exact date, but possibly in mid-October he and several other detainees were called out to go and perform forced labour. They were taken to Pavić Polje, to the Uskoplje front line, where they were placed in the Elementary School in Pavić Polje. There were sporadic shootings from both sides of this front line, but on the relevant day there was a violent breakthrough on the front line from the HVO side, so the guard called Megi took him, [REDACTED] towards the Elementary School. At that moment a shell fell in the immediate vicinity of him and this guard, and both of them were wounded. After having been wounded, they were taken to the War Hospital in Bugojno, where they were administered aid. Although he was seriously injured, two soldiers, one of whom was Duvnjak, aka Dudo, took him to the Iskra stadium, where he was imprisoned in the same room where he had been detained before being taken to perform forced labour, that is, a shower room. There was no medical aid in the camp, but, still, on several occasions he was carried to the Health Centre where his wounds were bandaged. The witness [REDACTED] also spoke about [REDACTED] and a guard being wounded, stating that he was present when these persons were wounded since he also performed forced labour at the Gornji Vakuf line. The protected witness D also stated that two or three times he made dugouts, dug trenches and harvested potatoes with other detainees in Pavić Polje and Pirići. He also knows that other detainees were also taken to perform forced labour in the direction of Prusac, Donji Vakuf, Gornji Vakuf and Kupres. The witness D also stated that the mere appearance of Kukavica in the stadium compound, who very often read out the lists of detainees who were supposed to go to work and who was present at the morning roll-calls, caused fear in the detainees. This was also confirmed by the witness [REDACTED] who stated that Musajb Kukavica was always present when names of prisoners who were to go to perform forced labour at

front lines were read out. The witness [REDACTED] stated that he was taken from the Iskra camp on two occasions to perform forced labour in the village of Subljari and the village of Podripci, and that he performed the labour for several days. The witness stated that very often he had to take the list of detainees who were sick to the warden Nisvet Gasal so that the warden would approve that the sick should not go to perform labour.

The witnesses [REDACTED] and Witness B identically stated that they were taken to perform forced labour, to dig trenches, communication trenches and dugouts, and sometimes they also did some agricultural work in Garački Podovi and Doratbegović Dolac and *Garačački Podovi*. The Witness B in particular stated that on [REDACTED] he was taken to dig trenches in Doratbegović Dolac and that he was used as a human shield on that occasion. He also stated that he knew that during the forced labour [REDACTED] were killed, while [REDACTED] were wounded.

The fact that detainees from the *FC Iskra Stadium* camp were taken to perform forced labour is also confirmed by the material documentation proposed in the Indictment, primarily the following: Regular Combat Report from the Command of the 307<sup>th</sup> Motorized Brigade number 02/779-90 of 24 September 1993, Request for the detainee handover number 13-1259-1 of 17 October 1993, Regular Combat Report from the Command of the 370<sup>th</sup> Mountain Brigade, strictly confidential number 02-1-37/93 of 30 November 1993, Regular Combat Report from the Command of the 370<sup>th</sup> Mountain Brigade, strictly confidential number 02-1-38/93 of 1 December 1993, and Request for the engagement of prisoners from the Bugojno Public Security Station number 19-2/01-8/94 of 11 March 1994.

c) Torture – by participating in taking detainees to the BH Bank for interrogations

The numerous statements of the witnesses examined confirm that detainees from the *FC Iskra Stadium* camp were taken to the BH Bank, where they were tortured. These witnesses stated that they were taken out from the camp and tortured in the BH Bank on several occasions.

Where the detainees from the Iskra camp were taken for interrogations is best confirmed by the witness [REDACTED] who is one of few detainees who survived interrogations in the BH Bank. The witness stated that he, together with [REDACTED] was taken from the forced labour in Prusac by the military police officers Abdulah Duvnjak, aka Dudo, and Enes Sijamija, who, prior to taking him away from Prusac, had already taken away [REDACTED] to the premises of the BH Bank, more specifically to the basement of the abovementioned bank, where he found [REDACTED]. He further stated that cries were heard from the next room and that someone was detained there too. After having been detained for two hours in this basement, the detainees were called out by their first and last names and were

taken to the next room where three or four military police members ravingly punched and kicked them, beat them with chairs, wooden objects and rifles and threw them on the floor. He particularly stated that he fainted as a result of intensive blows. After they brought him back, they took someone else out, and this was repeated every two or three hours. The detainee [REDACTED] died in his hands as a result of blows, tortures and beatings that he had suffered in the BH Bank. The night after [REDACTED] died, the military police officer Šabić came with a driver and they took [REDACTED] and him away from the BH Bank, pushed them into a Mercedes vehicle and drove towards Rostovo. After Šabić said "I am going to slaughter this one", having in mind [REDACTED] the witness [REDACTED] managed to run away and thus survived. Neither [REDACTED] have been found to date.

Photographs of [REDACTED] taken after he ran away and crossed into the territory controlled by the HVO speak best as to the condition [REDACTED] was in after he had been tortured in the BH Bank.

The witness [REDACTED] stated that [REDACTED] were taken either to perform labour or to be interrogated and they were never brought back, so they have been unaccounted for as to this date. He knows that some detainees were taken for interrogations outside the camp and they had numerous injuries on their bodies when they were brought back. The witness [REDACTED] stated that he knew that [REDACTED] was taken away one day and was never brought back to the camp. The witness [REDACTED] stated that on several occasions after the roll-call they took lead combatants of the First, Second and Third Battalion as well as other combatants to the interviews, and they never brought them back to the camp. As far as he knows, they are now unaccounted for. He also stated that [REDACTED] were brought back to the camp after 20 days. He also stated that the detainees inquired about those who had been taken away via nuns, and that he knew that [REDACTED] one of those who were taken away, survived by running away. The witness [REDACTED] also stated that detainees from the Iskra camp were taken for interrogations. He stated that the guards, in accordance with someone's order, called out detainees by their first and family names and took them away, and then brought them back beaten up. Although he cannot remember the date, he knows that [REDACTED] were taken away and he never saw them again in the Iskra camp. This was also confirmed by the witness [REDACTED] who stated that on 24 or 25 October guards entered the room where he was detained and called out for him, [REDACTED] as detainees who were to go with the guards. [REDACTED] got up and went out, but he could not because of his health condition, so a guard said "What is this [REDACTED] waiting for", cursing his mother. Then two brigade police officers came in with Musaid Kukavica, who the witness knows was the deputy of the camp commander Nisvet Gasal. When they assured themselves that the witness was indeed unable to move due to his injuries, one of them called someone via Motorola, and said that the witness was not able to move and then waited for feedback as to whether to bring in the witness. After someone said that they should not bring in the

witness, they left. At one moment the witness asked where he should go, and one of these three men replied that he should go to the BH Bank for interrogation. The witness is sure that [REDACTED] were never again brought back to the *Iskra* camp. The foregoing assertion was also confirmed by the witness [REDACTED]. He stated that he saw through a window two uniformed persons taking [REDACTED] away from the camp. He knows that [REDACTED] was never brought back to the camp after having been taken away then. The witness [REDACTED] stated that from Prusac where he had performed labour together with other detainees he was escorted and imprisoned in the camp at the *Iskra* stadium in the latter part of September 1993. He remembers that [REDACTED] and others, who were never again brought back to the camp, had been taken away from this camp, but he is sure that these three detainees were also registered by the ICRC. He also stated that some detainees were taken for interrogations in the BH Bank and had visible bodily injuries when they returned to the camp. The witness [REDACTED] stated that he personally saw [REDACTED] and another detainee being taken from the camp for interrogation, and when they returned, they had bruises all over their bodies, while [REDACTED] was beaten so severely that he did not speak for almost a month and he was given only fluids, since his lower jaw was deformed. The witness [REDACTED] stated that Musaid Kukavica personally called out [REDACTED] and [REDACTED] and they were not brought back to the camp again. The witness [REDACTED] stated that [REDACTED] were taken away from the camp on 13 November 1993. He also stated that he watched through a window [REDACTED] being taken away with several other detainees. He thinks that this happened on 25 October 1993. He also stated that he was taken to receive infusion in October 1993 and that [REDACTED] was taken away from the camp at that time together with him and was never brought back.

The witnesses [REDACTED] stated in their statements that the following persons were taken away from the camp in a period of time, but not all of them were taken away together: [REDACTED]

[REDACTED] whose first name he does not remember, and [REDACTED] and that they were never brought back to the camp from the BH Bank. The witness [REDACTED] identically stated that [REDACTED] were taken away from the camp and never again appeared in the camp after having been taken to the BH Bank. The witness [REDACTED] stated in particular that Musaid Kukavica took some detainees to the BH Bank and, upon their return to the camp, the detainees said that they had been beaten in the BH Bank. The witness [REDACTED] pointed out in his statement that Dževad Mlačo, municipality mayor, was coming to the camp very often with Senad Dautović in a military uniform, that they were also accompanied by the warden Nisvet Gasal and that they carried some lists. After they left in the evening hours, detainees were called out and taken away in accordance with some lists of persons that had been made. He does not know where they were taken to, but he knows that some of these persons were brought back to the camp beaten, while it was said that others had been transferred to another location. The witness

██████████ stated that detainees were taken to the BH Bank to be interrogated. He was present when the guards took ██████████ away from the camp. He was never brought back again. He knows that ██████████ were also taken away in the same manner. He stated that he was also taken to the BH Bank together with ██████████ by the camp guard Duraković, but he was brought back the same day since Enes Handžić was absent. He stated that the night after his return from the BH Bank was the hardest one in his life because he was tortured in the camp. The witness ██████████ stated that ██████████ was taken for interrogation and that he was returned badly beaten and with bruises all over his body. He stated that he was also taken to the BH Bank together with ██████████ who was a player in *Iskra*, and that they were to give a statement there, but a guard who brought them there from the camp took them back to the camp on the same day, since the commander to whom they were supposed to give a statement was not there. He stated that he was tortured in the camp the night after his return from the BH Bank. The protected witness D stated in his statement that some detainees were taken to the BH Bank and in most cases were brought back from the interrogation badly beaten since he saw injuries on various parts of their bodies. He remembered that ██████████ was thus taken away on several occasions and that upon his return he had many injuries caused by being tortured during the interrogations; once they took him away and he was never brought back to the stadium again. The witness ██████████ also stated that one day, after the return from Prusac, camp guards called out the detainee ██████████ whom he knew by the nickname ██████████ since other detainees called him like this, and took him away. After having been taken away, he was never brought back to the camp again and he never saw him again.

Physical evidence collected by the Prosecutor's Office in the course of the investigation also confirms that detainees were taken for interrogations to the BH Bank, where the ARBiH Military Police was stationed. This is confirmed primarily by the following documents of the Security Body of the 307<sup>th</sup> Motorized Brigade: Approval of the Security Body of the 307<sup>th</sup> Motorized Brigade number 307-13-971/93 of 30 September 1993, Order of the Security Body of the 307<sup>th</sup> Motorized Brigade number 307-13-992/93 of 4 October 1993, Order of the Security Body of the 307<sup>th</sup> Motorized Brigade number 307-13-1104/93 of 23 October 1993, Order of the Security Body of the 307<sup>th</sup> Motorized Brigade number 307-13-1108/93 of 23 October 1993 and other documents.

The Official Notes number 1100/539 and 1100/544 of 5 October 1993 confirm that detainees were indeed interrogated on the Military Police premises. The witness ██████████ described what was happening to them during these interrogations.

In his statement given to the ICTY, ██████████ also described what happened to detainees in the BH Bank. The witness stated that he was taken with five other detainees to the BH Bank, where all of them were tortured on a daily basis. Also, the witness ██████████ said in his statement given to the ICTY that he saw when the warden of the prison at the stadium, Gasal Nisvet, said that he would avenge a friend of his who had been killed by someone from the HVO First Battalion and then he chose the following three detainees: ██████████

██████████ and they disappeared after this. He also saw ██████████

██████████ being taken away.

d) Torture – Nisvet Gusal by failing to take necessary and reasonable measures to prevent the torture of detainees and punish the perpetrators of the torture who were subordinate to him, and Musajb Kukavica by taking part in the torture and failing to take necessary and reasonable measures to prevent the torture of detainees and punish the perpetrators of the torture who were subordinate to him.

A number of the witnesses who were examined stated that detainees from the mentioned camp were tortured. They said that guards beat and tortured them and that during night hours guards called out some detainees by their names and took them to the centre of the stadium, then put a sack on their heads and then cold-heartedly beat and thrashed some of them without any reason.

The witness ██████████ spoke about the tortures at the stadium, saying that out of the guards in the *FC Iskra Stadium* camp he remembered Đugum well, since he beat him up. The witness ██████████ also spoke about the tortures at the stadium, saying: "During the first two months, guards used to call out detainees by their names and take them to the centre of the stadium, then put a sack on their heads and then cold-heartedly beat those of us who were taken out to be beaten without any reason". The witness ██████████ also confirmed this, stating that detainees were often beaten during the first two months after they had been captured and brought to this camp. He also said he knew that some soldiers with the nickname *Kuljanski Šejtani* (the Devils of Kuljani) would come and beat detainees without any reason, and guards allowed them to beat them. The witness further stated that he was present in the camp when ██████████ were beaten up. The witness ██████████ stated that one night guards took ██████████ out and beat him up and that he could hear the cries and dull blows while the guards were beating ██████████ since they were beating him in the corridor in front of the room where they were detained. He stated that other detainees were also taken out during night hours. The witness ██████████ stated that ██████████ was beaten every day and he knew that cigarettes were put out on his body and that he was beaten with socks filled with sand. Since ██████████ was lying next to him in the camp, he could see all that. He further stated that other detainees were also beaten in the stadium compound and that this was most often done by Nahid Čatić, a certain Šečić, *Džopa*, *Papovka*, *Čifu*, *Telebiz*, *Mustafica* and *Sijamija*, who were the worst ones. The witness ██████████ stated that he knew that ██████████ was taken for interrogation and that he had terrible injuries on his head when he was brought back and that it seemed to him that he was going to lose one of his eyes as a result of the serious injuries he had sustained. He also stated that he heard from other detainees that ██████████ after having been taken away, was beaten at the time when Senad Velagić from Vesela was the guard and a certain Šečić was the head of the guard shift. The witness ██████████ stated that during night hours

detainees were taken to the stadium centre where they were tortured, and that Musaid Kukavica was very often present when they were being taken out to be beaten. The witness [REDACTED] in particular stated that other ARBiH members would also come to the camp and beat detainees and that the most severe beatings took place when the head of the guard shift was Šečić, aka Flok. This was also confirmed by the witness [REDACTED] who stated that some combatants would come in late night hours and take them, the detainees, out for the beating, but he did not know who these combatants were, since they covered detainees' heads. He stated that detainees were most severely beaten when Čopa and Čefo were guards in the camp. The witness [REDACTED] stated that one day he was taken to a room in the camp and beaten up and that due to the injuries sustained he was taken to the Health Centre – War Hospital in Bugojno where he was treated, but he was also beaten in this hospital by ARBiH members. The witness [REDACTED] mother of [REDACTED] stated that she saw her son [REDACTED] in the Health Centre in Bugojno in late September or early October 1993 and that she saw injuries on him. The witness [REDACTED] stated that [REDACTED] were beaten in the camp and that other detainees were also taken out at night and beaten, since he heard the screams and cries and later saw bruises on the bodies of these detainees. He also stated that plastic bags were put on detainees' heads during beatings so that they could not recognize perpetrators and that it was the worst when Dopa was in the guard shift, because detainees were tortured and beaten then. The witness [REDACTED] stated that guards took away [REDACTED] who already had so many injuries all over his body when he was taken away that he reminded him of "a dark blue stain". The witness [REDACTED] stated that the intensity of maltreatment was decreasing from November 1993 to March 1994, but that beatings would always take place immediately after the armed conflicts between the HVO and the Army, so that the conflict always had adverse repercussions on the detainees. He remembered that a certain Dujmović was also beaten during that period, as he was present when he was taken out. The witness [REDACTED] stated that some ARBiH members would burst into the camp at night and then many detainees were beaten and maltreated, as well as that he heard dull blows and cries from the area where detainees were tortured at night. He stated he knew that occupants of nearby buildings complained because they could not stand that noise. The witness [REDACTED] stated that guards in the camp allowed other ARBiH members to enter the camp and torture and beat detainees. The torture was taking place during night hours and they put bags on their heads during the torture so that they could not see the perpetrators and also that they could not cry because they did not have enough oxygen. The witness [REDACTED] stated that he saw [REDACTED] beaten in the camp. The witness [REDACTED] stated that in December 1993 he was tortured by the guard Čefo and several other members of the Army of RBiH in the way that he was taken out to the stadium and beaten for around one hour. He stated that [REDACTED] was tortured the following day in the same way as he was. He also stated that he saw the guard Čifut beating the detainee [REDACTED] a day before the exchange. The witness [REDACTED] stated that he was tortured at the stadium in the way that guards took him out to the stadium and beat him with hard objects, truncheons and rods and kicked him all over his body from midnight until 02:30 a.m. Out of the guards who beat him, he recognized Ibrahim Ajkunić and Šećko, while he could not recognize other ARBiH members, but he stated that he was beaten

by around 8 ARBiH members. The witness [REDACTED] stated that, when he returned from Prusac, where he had performed forced labour, and was entering the stadium camp, he was stopped by two guards who took him to the stadium stands and beat him up. He also stated that on one occasion the guards took out a detainee who was of a large build and chubby, with long hair tied in a ponytail, and beat him up because he did not want to tell them where the Commander of the Second Battalion, [REDACTED] was. He also said he heard that on one occasion *Dupa* beat [REDACTED] who limped as a consequence. When he saw him the following day, he asked him what had happened with his leg and [REDACTED] said that he had stumbled over a stair, because he did not dare to say the real truth. The witness [REDACTED] stated that on one occasion [REDACTED] was taken out and that he was "black and blue" from the blows when he was brought back. The witness D stated that [REDACTED] were tortured in the camp and that on the same night they were also looking for [REDACTED] but that he was not at the stadium then, since he had been previously taken either for interrogation or to dig trenches. The witness [REDACTED] stated that guards and soldiers would burst into the camp during the night hours and inflict injuries on detainees. They did all this because the camp administration allowed them to do so. The witness [REDACTED] stated that one evening in the camp, after the return from the forced labour in Prusac, [REDACTED] who was lying next to him, was called out. When he was brought back, he saw that [REDACTED] had been beaten up and that he had bruises on his head. The witness [REDACTED] stated that, after the second return from the forced labour in Prusac to the camp, he saw injuries on other detainees. He particularly remembered a certain *Koni*, because his head was full of bruises. The witness [REDACTED] stated that detainees were tortured in the camp during the night hours, since they had numerous injuries after coming back among other detainees. The witness [REDACTED] stated that on several occasions he and [REDACTED] were taken out to the grassy part of the stadium and tortured there. The witness [REDACTED] also confirmed this. The witness [REDACTED] also stated that guards would take some detainees to the centre of the sports ground and beat them there.

## II. Musaib Kukavica alone

### a) Inhumane treatment – by detention in inhumane conditions

It follows from the statements of the witnesses [REDACTED]

[REDACTED] and other witnesses that the conditions in the camp were deplorable since the very establishment of the camp and the detention of Croats in the camp.

b) Inhumane treatment – by participating in taking detainees to forced labour

The numerous statements of the witnesses who were examined confirm that detainees in the *FC Iskra Stadium* camp were treated inhumanely. These witnesses stated that on several occasions they were taken from the camp to perform forced labour all over Bugojno, where they cleaned streets, cut wood for the needs of members of the Army of RBiH and performed other different physical labour, or were taken to Army of RBiH front lines against the Republika Srpska Army and the HVO in the direction of Donji Vakuf, Gornji Vakuf/Uskoplje, and in the direction of Kupres, more specifically the places: Podripci, Sabljari, Pajić Polje, Donja Hrasnica, Gornja Hrasnica, Pirići, Duratbegović Dolac, Garačački Podovi and other places where they dug trenches, communication trenches and dugouts, where fire was often opened and where they were also used as human shields; during the work, a certain number of detainees suffered bodily injuries, while a certain number of detainees were killed; when they were brought back to the camp, the detainees were not provided with enough adequate medical aid. It is clearly evident from the statements of the witnesses [REDACTED]

[REDACTED] that all of them were taken to perform forced labour on several occasions, namely to dig trenches, communication trenches and dugouts in the direction of the separation lines and that detainees were beaten and maltreated by guards during the forced labour, so that, upon the return to the camp, they had injuries caused not only by the work they performed but also by beatings they suffered, as stated by the witness [REDACTED] and that they were taken to perform forced labour in Prusac, at the locality Vejići and Duratbegović Dolac, near Uskoplje/Gornji Vakuf, in the village of Bistrica, Pajić Polje, in the village of Guvno in the area of Gornji Vakuf and other places. The witness [REDACTED] stated that he performed forced labour in Prusac and that the following persons were with him: [REDACTED]

[REDACTED] and others. The witness saw when the military police took [REDACTED] away from the forced labour, and he heard that [REDACTED] was also taken away in the same way. The witness [REDACTED] stated that he was taken to perform forced labour in Prusac for the first time from the Vojin Paleksić Elementary School and that he was brought back and imprisoned in the camp. The witness [REDACTED] stated that he was taken from the camp to dig trenches and dugouts in the village of Guvno in the area of Gornji Vakuf and that the detainee [REDACTED] was wounded in crossfire coming from the front lines while digging. He had been performing the forced labour in the village of Guvno for around 10 days and after that he was brought back to the *Iskra* camp. He remembered that on 5 September 1993 he was taken together with other detainees to Gornji Vakuf where they performed different types of work. That morning Musaib Kukavica lined up the detainees and pointing his finger singled out 50 detainees whose hands were then tied and they were taken to the area of Gornji Vakuf. While they were performing forced labour in Gornji Vakuf, besides digging trenches, communication trenches and dugouts, detainees were also used as human shields and they had to extract the wounded ARBiH members and carry ammunition and other equipment to front lines.

The witness stated that around 20 detainees were wounded while doing the work and that [REDACTED] got killed. When they came back from the forced labour to the *Iskra* camp, they were met by Gasal, who he thought was the camp commander. The witness [REDACTED] stated that most often, after the morning roll-call, Kukavica read out the names of detainees whom they would take to certain front lines. The witness [REDACTED] stated that a group of 50 detainees, including him, were taken to perform forced labour and to be used as human shields. While doing the work, two detainees were killed, twelve were wounded, while the detainees were tortured regularly by ARBiH members.

The witness [REDACTED] also confirmed that detainees were taken to perform forced labour. She stated that on several occasions she typed a list of detainees (perhaps five, seven or nine persons) for some "approval" that these persons could leave the stadium prison area in order to go and perform forced labour. Other witnesses' statements and the physical evidence also confirm the foregoing allegations. The lists with the number 01-151-599/93 of 19/20 July 1993, number 01-151-600/93 of 9 August 1993 and number 01-151-601/93 of 5 August 1993, made by the Commander of the 4<sup>th</sup> Battalion of the 307<sup>th</sup> Motorized Brigade, show that the detainees were indeed in Prusac. The Order of the Commander of the *West* Operations Group of 3 September 1993 also confirms that detainees were taken to Gornji Vakuf.

c) Torture – by taking part in the torture and failing to take necessary and reasonable measures to prevent the torture of detainees and punish the perpetrators of the torture who were subordinate to him

All witnesses stated that detainees were tortured ever since the camp was established and that Musajb Kukavica was present when detainees were taken out to be beaten. These facts follow from the statements of the following witnesses: [REDACTED]

[REDACTED] and others.

The following lists made on behalf of the Command of the 307<sup>th</sup> Motorized Brigade, the Bugojno Municipal Staff and the Bugojno Ministry of the Interior confirm that the persons mentioned in the operative part of this Indictment were indeed detained in the camp in Bugojno: Review of Captured Civilians number 307-13-491/93 of 1 August 1993, Review of Captured Police Officers of the Ministry of the Interior of the HZ-HB /*Croat Community of Herceg-Bosna*/ number 30713 of 1 August 1993, Review of Captured Home Guards and Persons Doing Compulsory Work Service, Review of Captured Members of the Bugojno HVO Headquarters number 307-13-492/93 of 1 August 1993, Review of Captured Soldiers of the 3<sup>rd</sup> Battalion number 303-13-/93 of 1 August 1993, Review of Captured Soldiers of the 2<sup>nd</sup> Battalion number 307-13-487/93 of 1 August 1993, Review of Captured Soldiers of the 1<sup>st</sup> Battalion number 307-13-486/93 of 1 August 1993,

Review of Captured Persons of Different Specialities number 307-13-485/93 of 1 August 1993, Review of Captured Military Police Officers of the HVO Bugojno number 307-13-484/93 of 1 August 1993, and Review of Captured Members of the Bugojno HVO Units number 307-13-825/93 of 6 September 1993.

The fact that many detainees suffer from the post-traumatic stress disorder (PTSD) speaks best as to the severity of the conditions of the detention at the *FC Iskra Stadium* camp. We prove this fact by the documentation of the relevant services, which we propose to be inspected at the main trial.

f) **Blanket regulation**

Article 3 of the Geneva Convention relative to the Protection of Civilian Persons in Time of War of 12 August 1949 stipulates that:

(1) Persons taking no active part in the hostilities, including members of armed forces who have laid down their arms and those placed hors de combat by detention or any other cause, shall in all circumstances be treated humanely, without any adverse distinction founded on race, colour, religion or faith, sex, birth or wealth, or any other similar criteria.

To this end, the following acts are and shall remain prohibited at any time and in any place whatsoever with respect to the above-mentioned persons:

(a) Violence to life and person, in particular murder of all kinds, mutilation, cruel treatment and torture;

(c) Outrages upon personal dignity, in particular humiliating and degrading treatment;

Bearing in mind that we have already described above the capacity of the victims – injured parties in this criminal case, that is, that they are persons protected by the mentioned Geneva Convention, the suspects acted contrary to the mentioned provisions of the Geneva Convention by the criminal actions charged against them in the operative part of the Indictment.

Assessing comprehensively the factual substance contained in the operative part of the Indictment, which is confirmed by both physical and subjective evidence, the only possible conclusion that can be drawn is that the acts of the suspects constitute all the essential elements of the criminal offence of War Crimes against Civilians referred to in Article 173(1)(c) and (f) of the CC BiH in conjunction with Article 180(1) and (2) and Article 29 of the CC BiH, for which this Indictment against them is filed. In accordance with the foregoing, I propose that the preliminary hearing judge of the Court of BiH confirm the Indictment.

#### Motion to extend custody

Given that it can be concluded on the basis of the investigation results and the evidence collected that there is grounded suspicion that Nisvet Gasal and Musajb Kukavica committed the criminal offence of War Crimes against Civilians referred to in Article 173(1)(c), (e) and (f) of the CC BiH, in conjunction with Article 180(1) and (2) and Article 29 of the CC BiH, and holding that all custody requirements which existed also at the time when the decisions to order and extend custody were issued in the course of the investigation, still exist, pursuant to Article 227(3) and Article 137(1) of the CPC BiH, I propose that the Court, in case it confirms this Indictment, extend custody of the accused Nisvet Gasal and Musajb Kukavica because of the existence of the requirements referred to in Article 132(1)(b) of the CPC BiH.

In this Indictment, the Prosecutor's Office of Bosnia and Herzegovina proposed that a large number of witnesses – detainees in the *FC Iskra Stadium* camp, who were examined during the investigation in the Prosecutor's Office, be heard at the main trial before the Court of Bosnia and Herzegovina. All the witnesses proposed in the Indictment should testify before the Court of Bosnia and Herzegovina without any pressure and fear of possible consequences that might arise therefrom. Most of the witnesses proposed currently live in the Bugojno Municipality territory, in the immediate vicinity of the accused and their family members. Also, as already mentioned in the motions to order and extend custody of the then suspects, according to the reports of authorized officers of the State Investigation and Protection Agency (SIPA), witnesses in this case are afraid of the problems and consequences they might have if they testify in this case. In this respect, we refer again to the Official Note of the State Investigation and Protection Agency number [REDACTED] [REDACTED] in which a specific risk for potential witnesses in this case is evident.

Furthermore, it can be clearly concluded from the Witness Examination Record number [REDACTED] that witnesses in this case are exposed to direct threats, made against both the witnesses and their families, which is confirmed by the statement of the witness [REDACTED] in the mentioned record. The witness [REDACTED] did not want to testify in this case because of fear. Likewise, it is evident from the statement of the witness [REDACTED] that the witness in this case is afraid. In this case, the Prosecutor's Office also proposed the examination of the witnesses to whom the Court of BiH granted certain protection measures, namely the witnesses A, B and D. The allegations of the witness A that he was both attacked and physically injured in Bugojno only because of his Croat ethnicity, and that his family was attacked and threatened several times, confirm all the foregoing. The Court can assure itself of this by inspecting the Record of the examination of the Witness A. Bearing in mind that Bugojno is a small town, we particularly point out that most of the witnesses proposed in the Indictment are so to say neighbours of Nisvet Gasal and Musajb Kukavica. These witnesses have been trying to establish a normal life after the return to their pre-war homes. We believe that the release of the accused would make them feel insecure and they would certainly be exposed to influence, which would definitely have an effect on their testimonies at the main trial in this case.

We also note that this Prosecutor's Office is conducting an investigation, related to this criminal offence, also against other co-perpetrators who are still at liberty. Taking into consideration the charges against them, we believe that the accused, if released, would certainly make contact with these co-perpetrators in order to avoid criminal responsibility, whereby they would endanger and in this way hinder the further conduct of the criminal proceedings, which has been efficient to date.

Bearing in mind all the foregoing, the Prosecutor's Office of BiH submits that the circumstances indicating that the accused, if released, would hinder the criminal proceedings by influencing witnesses and co-perpetrators, still exist. These circumstances indicate that it is justified to extend custody of the accused for the reasons referred to in Article 132(1)(b).
