EXPLANATION

The Prosecution is hereby replacing the descriptions of the acts and the legal names of the criminal offense (the operative parts) contained in the three separate indictments, with the joint operative part outlined above. The joint operative part features some changes with respect to the three separate ones. Most of these changes are merely stylistic and bear no impact on the substance of the allegations; a few changes, however, constitute substantive amendments. The Prosecution submits that none of the amendments contain any new or more severe allegations against any of the accused, therefore they do not require confirmation. The amendments are as follows:

- In all cases when witnesses have either been assigned pseudonyms after the filing of the indictments, or where the pseudonyms have been changed, they have now been referred by the latest pseudonyms.
- In the introductory paragraph, amongst the various positions held by Gojko Kličković, that of "Member of the SDS Secretariat of the Serb Municipality of Bosanska Krupa" has been added. Amongst the positions held by Mladen Držaja,

that of "President of the Panel of the Provisional Military Court" has been added. The nicknames of Milan Štrbac and Mile Drljača have been added next to their names.

- **Count 1 is based on, and replaces Count 1 in the Indictment against Gojko Kličković. The words "on areas predominantly populated by civilians" have been replaced with the words "directed against the civilian population" in order to clarify the allegation. The reference to the absence of legitimate military target has been deleted because it is neither correct nor necessary. Any reference to the attack on Bosanska Otoka has been removed, and the part of the charge in that respect has been abandoned. The description of the duration of the attack on Bosanska Krupa and Ostružnica has been changed from "few days" into "several days". The number of persons killed as result of the attack has been reduced from 28 to 17, and their names have been listed. The number of persons wounded as result of the attack has been reduced from 46 to 14 and their names have been listed. The names of the three persons who were murdered in the course of the attack have been specified.**

- **Count 2 replaces Count 2 in the Indictment against Gojko Kličković and Count 1 in the Indictment against Mladen Drljača. The description is based on the one contained in the Indictment against Mladen Drljača, it being the most recent. The nationality of the victims has been changed from "muslims" to "non-Serbs" considering that at least one victim was of Croat nationality.**

- **Count 3 replaces Count 3 in the Indictment against Gojko Kličković, Count 2 in the Indictment against Mladen Drljača and Count 1 in the Indictment against Jovan Ostojić. The description is based on the one contained in the Indictment against Mladen Drljača, it being the most recent, except for sub-Count (j), which is based on the Indictment against Jovan Ostojić. Any reference to the status of the perpetrators as subordinate to Jovan Ostojić has been deleted from the factual description of the crimes. These deletions are merely stylistic, thus have no substantive effect on any crime alleged against Jovan Ostojić on the basis of his responsibility as a superior. In sub-Count (b), the names of the twelve captives have been listed. In the introductory part to sub-Count (g) the words "as follows" have been replaced with "during which", in order to evade any possible doubt that the incidents that listed in sub-Counts (g)(i) to (g)(iv) are only examples of the incidents occurred during during forcing labor, and not an exhaustive list thereof. Any other instance of forced labour under dangerous conditions is included in the formulation of the introductory part to sub-Count (g). In sub-Counts (g)(i) and (g)(ii) the initial date of the interval during which the incident may have occurred has been changed from 4 May to 1 May. In sub-Counts (g)(ii) and (g)(iii) the location where the incident has occurred has been more accurately described. In sub-Count (g)(iii) the cause of wounding of [REDACTED] has been specified. In sub-Count (g)(iv) the dates of the incident have been better confined in accordance with recently discovered evidence. This incident is no longer charged**

against Jovan Ostojić since it has been established that it happened before the beginning of his tenure as Brigade Commander. In sub-Count (h) the words „a few minutes“ have been changed with the word „soon“. In sub-Count (i) the date interval during which the incident may have occurred has been changed in accordance with recently discovered evidence. In sub-Count (k) the number of victims has been confined to four, and it has been specified that they died in consequence of the abuses.

- Count 4 is based on, and replaces, Count 2 in the Indictment against Jovan Ostojić. Any reference to the status of the perpetrators as subordinate to Jovan Ostojić has been deleted from the factual description of the crimes. These deletions are merely stylistic, thus have no substantive effect on any crime alleged against Jovan Ostojić on the basis of his responsibility as a superior.
- Count 5 replaces, without any alterations, Count 4 in the Indictment against Gojko Ključević.
- Count 6 replaces, without any alterations, Count 5 in the Indictment against Gojko Ključević.
- Count 7 replaces, without any alterations, Count 6 in the Indictment against Gojko Ključević.
- The closing paragraph is based upon, and replaces, the closing paragraphs of the three separate Indictments. Due to stylistic constraints, the reiteration of the full description of the elements of the Joint Criminal Enterprises has been omitted. Such omission bears no substantive effect on the allegations against any of the accused. The individual Counts, sub-Counts or parts thereof charged against each of the accused have been enumerated in the closing paragraph. The legal names of the criminal offences have remained unchanged, except insofar as the charges they relate to feature under a different count number.

The Prosecution is also replacing the list of persons to be heard as witnesses contained in the three separate Indictments, with the joint list of persons to be heard as witnesses outlined above. The list features 73 out of the 76 witnesses enumerated in the list provided to the parties on 7 April 2008. The reduction reflects the fact that the Prosecution has decided not to compel the attendance of three witnesses who have failed to respond to the summons of the Court, namely: [REDACTED] and [REDACTED]

The Prosecution is also replacing the proposal of evidence to be presented contained in the three separate Indictments, with the joint proposal of evidence to be presented, outlined above. The joint proposal of evidence to be presented has been expanded and

updated as follows:

- It includes all of the pieces of material evidence listed in the three Indictments, with the exception of some which the Prosecution no longer considers relevant to its case;
- It further includes a number of pieces of evidence which the Prosecution has either received, or assessed as relevant, after the filing of the separate Indictments.

The list of evidence supporting the charges in the Indictment has been updated in accordance with the changes made to the list of persons to be heard as witnesses and to the proposal of evidence to be presented.

Any part of the Indictments Nos. KT-RZ-100/06 of 14 December 2007, KT-RZ-19/08 of 12 March 2008 and KT-RZ-22/08 of 19 March 2008 which is not expressly replaced by these amendments, nor superseded otherwise, remains in force.

Respectfully submitted,

Prosecutor
