Sixth Annual Summer Programme on *Disarmament and Non-Proliferation of Weapons of Mass Destruction in a Changing World*

The WMD Summer Programme provides participants with a historical overview of arms control concepts and approaches, and considers the role of WMD disarmament and non-proliferation in the context of international law, security policies and geopolitical considerations.

Do you want to deepen your knowledge in WMD disarmament and non-proliferation, engage with top-level speakers, participate in unique field visits & expand your professional network?

Sign up today!
