

## ACKNOWLEDGEMENTS

The idea for this book on constitutional integrity in the European Union first arose during a conference hosted by the University of Uppsala (Sweden) in co-operation with the University of Groningen (The Netherlands). Subsequently, two expert meetings were held on the subject, hosted by the University of Groningen and the Free University of Amsterdam (VU). A final meeting on ‘The future of the European Constitution’ took place at the Royal Dutch Institute in Rome (KNIR) in March 2009, in the context of the NWO research project on Contested Constitutions. Therefore, a special word of thanks goes to Prof. Dr. B.H. Stolte, director of the KNIR, who not only came up with the idea of holding a conference at his institute but also provided substantial financial means and exceedingly generous hospitality. We would also like to thank the Erasmus School of Law of the Erasmus University Rotterdam (The Netherlands), the Faculties of Law and of Arts of the University of Groningen (The Netherlands), and the Stichting Eisagoge for their generous financial contribution to the publication of this book. Finally, we are grateful to Philip van Tongeren of Asser Press, whose enthusiasm for the project was equalled only by his patience.
