Aims and Scope

The Netherlands Yearbook of International Law (NYIL) was first published in 1970. As a double-blind peer-reviewed publication, the NYIL offers a forum for the publication of scholarly articles of a conceptual nature in a varying thematic area of public international law. In addition, each Yearbook includes a section *Dutch Practice in International Law*. The NYIL is published under the auspices of the T.M.C. Asser Instituut.

T.M.C. Asser Instituut

Located in the ‘international zone’ of The Hague—the City of Justice, Peace and Security, the T.M.C. Asser Instituut is a leading, inter-university research institute operating in the broad field of international law.

Founded in 1965, the Institute’s international community of scholars is engaged in research, postgraduate training and dissemination of knowledge in furtherance of the purposes and principles of international law. This inter-university institute cooperates closely with and supports the Dutch universities’ activities in the relevant disciplines. The academic fields covered by the Institute are Private International Law, Public International Law, Law of the European Union, International Commercial Arbitration, International Humanitarian Law, International Criminal Law and International Sports Law.

The Institute enjoys an excellent reputation at both a national and an international level for its development, organisation and hosting of conferences and academic meetings, demand-driven postgraduate programmes and training. Its ancillary Websites and data collections all contribute to a coherent and integral strategy in the area of knowledge transfer.

The Institute has its own publishing house, T.M.C. Asser Press. T.M.C. Asser Press not only serves the publishing needs of the T.M.C. Asser Instituut, but also those of academics and practitioners worldwide in the fields of International and European Law.
